Greetings from Gail

We are so fortunate to have such talent within our guild and a willingness to share it. Our May meeting was a blast! I have made 2 more of the "cup cake" pin cushions Vicki taught and happily jumped into making the "wire beads" that are Margaret's specialty... I couldn't wait to get to the store to get my own Coiling Gizmo. It always seems to be a jump starter on creativity when we have the chance to try something new. Hope you are jazzed too. I know several of you are enjoying getting comfortable with the drop spindle techniques that Kathy taught. It is nice to be able to have a little something with us to work on when we go somewhere away from the loom and spinning wheel. Thank you Kathy, Vicki and Margaret for putting together these great sessions. Sallie, thank you to planning and organizing this Carousel Day. Anyone else have something you would like to offer to the guild? We can do these sorts of meetings from time to time.

Preparations have begun for the "June Luncheon and Show". If you did not get to make your reservation yet, please phone or email Brenda Hinesley ASAP so she can get an accurate count and you do not miss out! Brenda will be hosting as well as preparing the luncheon the cost is \$10 per person with proceeds going to the guild. Looking forward to a tour of your new studio Brenda! Our July meeting is set with a felting workshop, it will take place in Corona. We need a location for the August meeting would you care to offer your home and show off your weaving/studio space?

Please give this consideration and let's talk about it at the June meeting or you can phone me. Hope by now everyone has registered for Convergence taking place this July in Long Beach. Look forward to seeing you there. Here is a little heads up: if you plan on dropping in for the day only, you might want to think about making it on Thursday or Friday so if you want to come for a second day you won't miss out, the last day of it is Saturday, the 21st. There are so many galleries and weaving displays open in addition to the vendor hall it is impossible to do it all in only one day.

That's enough for now, see you at the Luncheon...don't forget to bring some of your weaving etc., show off !!

Happy Weaving,
Gail

July 9 Meeting on Numo Felting

members in the IEHG Library. A complete list is available at meetings and on the website. Contact Linda Ward if you wish to check out some items.
In this class we will be bonding loose fibers of wool and silk to create a lightweight fabric. This process is called Numo Felting. The fabric created has no limits allowing the artist to not only use it for clothing but so much more. Once you have learned this process you can apply it anywhere you would use fabric. Anywhere from home decor to handbags!

Cost of the kit of materials is \$18.00, please send the money to Sallie Scanzoni, or bring it to the June luncheon. The morning session is full, but there is plenty of room in the 1 P.M.-3 P.M. class.

This class will be taught at the instructors home.
