Presidents message...

Hello to you all,

I hope you were inspired by the color Blue at our January meeting. The beautiful indigo blue fabrics from Barbara Shapiro's collection were something to see. As many of you know, I love to dye fiber, so seeing all that blue made me particularly sensitive to color, especially in the world around me. I walk my dog every day, and we've had some excellent sunrise and sunset colors to see: vibrant red-oranges in the morning to luscious violet-blues of twilight. I challenge you to look at the colors around you to be inspired for your next weaving and spinning projects.

At January's meeting, I spoke of the opportunity to participate in our sister guild Bobbinwinders and their 60th Anniversary celebration with an exhibit called, "Strings Attached" at the Pasadena Museum of History March 5 -- May 15, 2016. We are invited not only to see the exhibit, but to participate in demonstrating weaving and spinning. Thousands of people will attend this exhibit over it's 2 month run, and be exposed to the art of weaving and spinning. I hope that we can attract new members and at the very least, expose lots of people to our art. I will send a list of dates available for members to demonstrate weaving and spinning at the museum and hope some of you will be able to participate. Let's spread the good word about the fiber arts!

We have an excellent program coming up in February. We feature a return of Robyn Spady, coming down to us from Washington State! The program is called, "The Devil's In The Details." Robyn is an amazing speaker and we are sure to be entertained and enlightened by her presentation.

Keep weaving, spinning and creating!

Kathleen Waln
